### How to Convert AVI to DVD

Convert AVI to DVD and burn to disc in one-stop, the best video converter and burner help you easily create DVD from AVI.

AVI means Audio Video Interleave, it is a multimedia container format introduced by Microsoft in 1992 as part of its Video for Windows technology. AVI is often seen as the symbol of high-quality and large size video, because AVI can be created without compression, in other words, no quality loss.

The features of AVI determines it is the best choice for converting to DVD format on the purpose of backup or play on television through DVD player. This article is going to introduce an easy way to convert MP4 to DVD, and burn the DVD to disc. You can choose a specific part to read if you only need a conversion or burning.

## Convert AVI to DVD format

Simply burn AVI to DVD disc is not a good practice, in this way the DVD is just a carrier like a SD card, and the DVD would not be able to play on most of DVD players. In fact, DVD disc has its own format: VOB. Therefore, we need to convert AVI to VOB format at first. Follow this guide you can do it without knowing any tech-spec of video format.

#### Install ImElfin Video Converter Ultimate

The Video Converter Ultimate is a pretty almighty program, it can convert videos and burn it to DVD disc in one-stop. Click the buttons below you can download it and try it for free in 30 days.

#### Load in the AVI video

You can directly drag the video file into the program's interface, or click the "Add"

button to import video file from explorer, of course import in bulk is supported.

File	Edit	Tools	He	p			
	ļ • (	•				32	
	Name		Dr	iginal Lengt	rimmed Leng	t Estimated Size	e Output Forma
	Now.You.S	See.Me.201	13	02:04:48	02:04:48	5.62 GB	mp4

#### Choose output format as DVD (.vob)

After the video file is imported, you can see some basic information like Video

Length, Output Format and Estimated Size of the output format. Look at the lower

area there is a list caleed "Profile", click the pop-out list and choose "Common Video" --> "DVD-Video Format(\*.vob)".

	Recent	F4V Video Format(*.f4v) Popular video format for we	bsite Pormat
🗠 🗹 📄 Nov	Common Video	Profile for Transport Stream (*.t	<u>(s)</u>
	HD Video	DVD-Video Format(*.vob   Profile for standard DVD.	)
	iPhone	Super Video-CD Format (*.mpg) Profile for Super Video-CD	
	C Apple TV	Video-CD Format (*.dat) Profile for Video-CD	=
	PS3	WOB-MPEG2 PS Format (*.vob) VOB-MPEG2 PS Format.	
•	Tablet PC	MPEG-1 Movie(*.mpg) Industry - level video format	, <b>v</b>
He None	Customise 🔺 🔻	Start searching	^ I
Profile:	MP4-MPEG-4 Video(*.m	p4)	- *

Then you will see the Output Format have changed to our target format. This indicates that everything you've done is correct, and you will have a prediction of how large the output file will be. The estimated size helps you judge if your blank DVD has enough space to carry the video. If the estimated size is over 4.5 GB, I would recommend you choose a D9 DVD disc to burn.

Name	Original Length	rimmed Lengt	Estimated Size	Output Format
🔽 📕 Now.You.Se	02:04:48	02:04:48	4.00 GB	vob

#### Start the conversion

When the settings are finished, please click the big round blue button to start the conversion. The conversion speed depends on your computer's specs and how large the file is.

# Burn AVI to DVD Disc

After the video is converted to VOB format, now we can use the same software to deal with the following job: burn video to DVD disc. In fact you can also directly click the "Burn to DVD" button when the AVI file is loaded, however the AVI will also be converted to VOB before start burning.

#### Click "Burn to DVD" button in the top menu bar

#### Create play menu

The software has preset dozens of beautiful templates for the play menu, the templates are already sorted by theme, and you can easily edit the template until it meet your needs.

#### DVD burning customizations

Here you need to make some settings, in most cases, you need not to change any

setting, we've already preset them as the best option.

Click "Start" you will see the task list, it displays everything in details.

Task List		
Task Name	Elapsed Time	Progress
Convert Now.You.See.Me.2013.1080p.BluRay.x264.YIFY	00:00:13	0.74%
Generate DVD menu		
OVD authoring and creating DVD format files		
Save as ISO file		

This program also allows you set auto-shutdown after the tasks are finished, you

can let the computer do the job before you go to sleep.

Free Download	Free Download
Windows Version	Mac Version
🞯 100% Clean	🮯 100% Clean

If you want to convert and burn AVI directly to a Blu-Ray disc, <u>this program</u> will do

you a favor.
